CLIENT: Portage Area Regional Transit Authority (PARTA)
PROJECT: Kent Central Gateway & Kent State

Overview

Redmon Group was selected to deploy our Transit Display system at PARTA's Kent Central Gateway Station and at Kent State University in Kent, Ohio. PARTA actively utilizes the Redmon Transit Display software and content management system (CMS) to deliver tailored transit information and to Portage Area travelers using a combination of indoor and outdoor-rated LCD displays mounted throughout the station and at the university's student union.

Applied Skills
